

Stalls Presentation

Throughout the day, the startups shall be allocated stalls wherein they get to showcase their products and services in their stalls, and as well as in the open air hall to the students, investors and other startup members and founders. This round facilitates a more informal & no-frills interaction, where potential collaborations, recruitments & investments could be initiated. This round acts a follow-up to the opportunities that were showcased in the auditorium presentation will be demonstrated & simulated here, and subsequently, interested parties could take it further.
